

60,137-026

AMENDMENTS TO THE DRAWINGS:

Figure 1B is resubmitted to formally incorporate previous drawing amendments.

Figures 2A-2D are resubmitted to more clearly indicate that each sequential valve includes an opening larger than the previous valve. Paragraph [7]; claims 11 and 22; and Figure 3. No new matter has been added as such a construction is implicitly required to obtain the graph of Figure 3. Moreover, such a construction is described in paragraph [7] (although -- as noted by the Examiner - - may be somewhat contradicted elsewhere). Most importantly, claims 11 and 22 recite the inventive construction.
